

Young Journalists

PROUDLY PRESENT

English in a month

Young Journalists is a group of enthusiastic second, fifth and seventh graders from Şesvete Primary School who adore English language!

We meet once a week and work really hard to keep you informed and entertained.

Hope you will enjoy our hard work as much as we did!

Year 2015, No. 5
Issue: spring, 2015

Young Journalists support FEO-group!

We are very proud of Sesevete Primary School 's Eco-group and the work they do for our school.

One of their latest achievements is the marvellous wall on the first floor made out of reused bottle tops and into a beautiful and colourful mosaic.

The theme of the mosaic is saving water and it was put together to celebrate the World Water Day on 22nd March, 2015.

It is fun and very informative and it reminds all of us in a fun and friendly way how important it so to save water and reduce, reuse and recycle.

Young Journalists love animals

Penguins

Penguins live on South Pole. They can't fly, but they can swim.
They eat fish. There are many species of penguins. There are: *Aptenodytes forsteri*, *Aptenodytes patagonicus*, *Eudyptes schlegeli*, *Eudyptula minor*, *Eudyptes robustus*, *Megadyptes antipodum*, *Pygoscelis adeliae* and *Spheniscus demersus*. There are 17 species. They live in colonies.
They must run away from sharks. The popular film about penguins is "Happy feet".

TIGERS

Tigers are mammals. They eat meat. They are very fast and they can jump over 9 m. Tigers have warm black-orange fur. Because they have warm fur, people hunt them. They are dangerous for people and other animals, but tigers are endangered, too. The most famous tiger is a Bengal tiger. Some other tigers are: South Chinese tiger, Siberian tiger, Indo-Chinese tiger and Sumatra tiger.

Young Journalists love animals

PANDA

Pandas are mammals. They eat bamboos. Pandas live in China in Asia. Panda is also a bear. It has got black-white warm fur. Pandas are not very dangerous, but they are endangered. People hunt pandas. In China there is a shelter for pandas.

Young Journalists love animals

Cats

Cats learn fast and have a good memory. They know where there is water bowl, toy and toilet. They have their favourite food, but every cat likes different food. Some expensive, but good cat food is: Royal Canin and Happy cat. People usually think that milk is best for cats. That's not true. Milk is good for cats when they are small, but when they are adult cats, milk is unhealthy. They can only eat some yoghurt and cream. Cats can also speak with expressions of their faces.

CAT FACTS

Cats are more clever than dogs, because dogs run when you throw a ball. They don't eat again, again, again... and cats? They wouldn't do that in all history!!!

"I want play!"

"We are cute!"

Things we love

1 I think that on the first place is my cat Loni. She is black and brown. She is very cute, funny and she always wants to play. When she doesn't play she sleeps or eats.

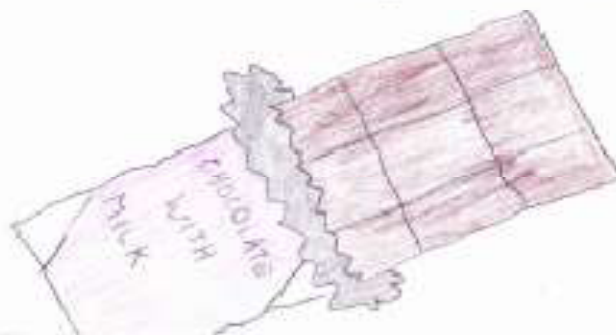

2 On the second place is a book. I often read books when I am bored. My favourite writers are, Sanja Bek and Jula Verna.

3 The third are my cartoons and films. I have a lot cartoons. My favourite programme is, 'RTL heureka' because there are cartoons and films for kids all day.

4 The fourth are my friends. I haven't got online friends because I haven't got Facebook. I usually play with my friends. During winter holidays I went sleighing with Ani. It was fun.

5 Last, but not the least is chocolate. I often eat chocolate but I do not eat it every day. I like milk chocolate.

Things we love

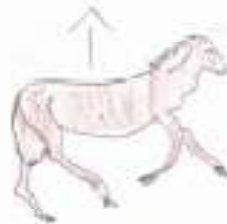

Sunset

I like watching sunset in the summer on the beach.
My favourite sunset is on Bula.

Horses

I love horses, and I like riding them and leading little kids on them, on sand.

Korōla

I really like being on Korōla in the summer. I have one little 6-year-old friend there, we hang out on the beach together and make sandcastles.

Beach

I love being on beach in the summer, I can rest a little bit there after a long swim to the buoys.

Lions

I love lions and I want to adopt them, but it's I can't. I always dream about them in

CHAMPIONS LEAGUE

The Champions League is the most prestigious title you can win. Every team wants it, but only one team can have it. I am going to talk about it. This year the favourites were FC Bayern, FC Barcelona, Real Madrid.

By the time this is published the Champion might be crowned. My favourite team AC Milan did not qualify for the the Champions league. Right now we are at the semi-finals of the cup. The last four teams standing are: Real Madrid, FC Bayern, FC

Barcelona and Juventus. FC Juventus are the underdogs because they have the lowest budget to bring in players, but they are my favourites.

Fun fact about the Champions league: did you know that Dinamo won the Champions league and Real Madrid have won 10 Champions league titles.

YouTuber of the month

Spencer Owen-Spencer FC

Spencer Owen is a popular British YouTuber. He was born on October 15th, 1988. He was born in England. He is 27 years old. He currently has 585 000 subscribers.
